Comprehensive Scope 2 T-19011C

The Comprehensive Scope 2 series incorporates a professional instrument priced within an educational budget. This unit is suitable for ages 12 and up including university level courses and has the advantage of Ken-A-Vision's own superior cordless technology. These units have a modern, modular design on a very stable base. The arm of the microscope includes a built in handle for ease of carrying and an integrated storage system for the power cord. Accessory kits make available 14 different reconfigurations of microscope features.
